P Series Flashlights

The P-Series are designed to be used outdoors in multiple scenarios and positioned as a multi-purpose strong light LED flashlight. The main features are the large area of floodlight lighting and strong brightness. The flashlights are equipped with intelligent temperature control, IP68 level waterproof and dustproof, 2-meter impact resistance and battery anti-reverse connection, providing a multi-faceted guarantee of safe use for the user. The P series are compact, portable, bright, and have many modes, making them exquisite and practical outdoor flashlights.

P10

P25

P10

AA

Small Portable AA Flashlight

Power by an ordinary AA alkaline battery, which are easily accessible.

Small battery, high brightness.

- 300+ lumens light-emitting LED powered by 1 * AA battery.
- 4 levels (LOW-MED-HIGH)

Two-way clip. Flexible clamping and placing.

Waterproof and drop-proof, small and portable.

300 LUMENS

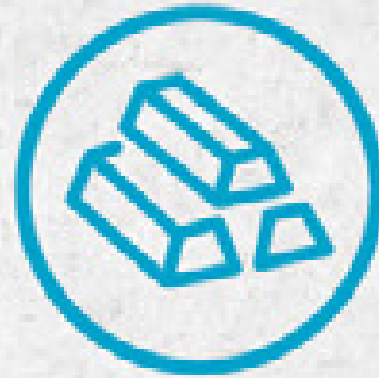

1 * OSRAM DURIS P9 LED

**Powered by AA battery.
Compact and cool.**

Parameters

OUTPUT	INTENSITY	DISTANCE	RUNTIME	ANGLE	SIZE	WEIGHT
300 Lumens / Max.	900 Candela / Max.	60 Meters / Max.	168 Hours / Max.	Spotlight 8° Floodlight 37°	20.55 * 17.5 * 89.3 D*D*L (mm)	31.5 gram/excluding battery
